Board of Selectmen
Town of Hinsdale, New Hampshire

Members of the Board:

We have examined the financial statements of the various funds and account groups of the Town of Hinsdale, New Hampshire for the year ended December 31, 1985 and have issued our report thereon, dated February 26, 1986. As part of our examination, we reviewed and tested the Town's system of internal accounting control to the extent we considered necessary to evaluate the system as required by generally accepted auditing standards. Under these standards, the purpose of such evaluation is to establish a basis for reliance thereon in determining the nature, timing, and extent of other such auditing procedures that are necessary for expressing an opinion on the financial statements.

The objective of internal accounting control is to provide reasonable, but not absolute, assurance as to the safeguarding of assets against loss from unauthorized use or disposition, and the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that the cost of a system of internal accounting control should not exceed the benefits derived and also recognizes that the evaluation of these factors necessarily requires estimates and judgment by management.

There are inherent limitations that should be recognized in considering the potential effectiveness of any system of internal accounting control. In the performance of most control procedures, errors can result from misunderstanding of instructions, mistakes of judgment, carelessness, or other personal factors. Control procedures whose effectiveness depends upon segregation of duties can be circumvented by collusion. Similarly, control procedures can be circumvented intentionally by management with respect to the estimates and judgments required in the preparation of financial statements. Further, projection of any evaluation of internal accounting control to future periods is subject to the risk that the procedures may

become inadequate because of changes in conditions and that the degree of compliance with procedures may deteriorate.

Such study and evaluation disclosed the following conditions that we believe to be material weaknesses.

COMMUNITY DEVELOPMENT BLOCK GRANT SPECIAL REVENUE FUNDS

Prior Recommendation

During our audit of the 1984 general purpose financial statements we noted that the Community Development Director had signature authority over certain bank accounts of the Community Development Block Grant (CDBG) Fund. This condition was not only a material weakness in internal accounting control but was also in conflict with State law. The Board of Selectmen took immediate steps to alleviate this condition in early 1985 and we commend them for their prompt action.

Multiple Bank Accounts

Over the course of the year the cash assets of the fund were deposited in twenty-four bank accounts due to a policy of establishing a separate bank account for each project. We believe that substitution of bank accounts for a functioning accounting system weakens control over operations.

Subsequent to completion of our field work the CDBG office corrected this condition.

Expenditure Recognition

An expenditure is recorded by the CDBG Fund at the time a new project is obligated rather than when a liability is incurred as required by generally accepted accounting principles. This resulted in a net adjustment to increase fund balance by \$48,712 at year end. We believe that managerial oversight is seriously weakened by not accounting for the majority of transactions on the CDBG Fund's books.

Loans Receivable

Certain rehabilitation projects are accomplished by means of a loan of grant funds. A mortgage is recorded against the property as security. No control accounts are maintained in the accounting system for the outstanding loans. We believe that this constitutes a material weakness in internal accounting control over loans receivable.

Compliance With Grant Terms

Terms of the grant require that the balance of unobligated funds should not exceed \$5,000 for more than five working days. We noted several occasions when this requirement was not met. We believe that the system of internal accounting control should be designed to insure compliance with all requirements.

WATER AND SEWER ENTERPRISE FUND

Cash Disbursement Journal

The cash disbursements journal was not reconciled to the bank accounts. Sound internal control requires that reconciliations be made on a periodic basis.

Bank Deposits

Cash receipts from Sewer revenues are deposited into the Water bank account as a matter of convenience. While this practice itself does not effect internal control we noted a variance between amounts deposited and amounts transferred to the Sewer Fund. This is indicative of a lack of reconciliation procedures which constitutes a potential weakness in internal accounting control. We recommend that the accounts be reconciled on a monthly basis.

OTHER

The following recommendations which do not relate to weaknesses in internal control were developed from our observation of operations and are not the result of any special study.

Bank Accounts

While Town officials have reduced the number of bank accounts in recent years we believe that further concentration of cash accounts is desirable. We urge the Town to review its existing accounts and eliminate those which are not absolutely necessary.

Computer Utilization

The Town of Hinsdale was one of the first communities in the State to apply microcomputer technology to municipal operations. We strongly believe that there are many areas in which the computer would make Town operations more efficient and recommend that Town officials review current operations for possible conversion from manual processing. We urge that a formal plan be the result of such a review.

Water and Sewer Accounting

Water and Sewer accounting is currently fragmented between several individuals, in part due to the requirements of State law. We believe that the establishment of a general ledger is necessary to enable Town management officials to control operations.

CONCLUSION

A letter of this nature concentrates on negative aspects of Town financial operations and business practices. We did note many positive aspects of Town management and procedures which are not mentioned. We would like to acknowledge the assistance extended to us by Town personnel during the course of our examination.

Sincerely,

Casey, Washon & Cleary

REPORT OF HINSDALE PUBLIC LIBRARY

1986 was another successful year for the library. Continued support from the people of community enabled us to hold activities throughout the year, such as book sale in January, and a Summer Reading Program for children. Various themes are highlighted during the year. Books are displayed on area history, hand-crafts, cooking, auto care, photography and holidays in their turn.

The large print collection has been expanded. People with visual problems are welcome to try these. Future expansion depends on continued interest.

Donations of new books and money have come from the Hinsdale Women's Club, The Cheshire Womens Republican Club, The Moose and private individuals. Other patrons have made donations ranging from a single copy of the latest popular paperback to whole collections of books with experience. These all contribute to the widening of choices available to our readers, and we appreciate them.

Mrs. Mildred Draleaus, Assistant Librarian and I thank all of you for your loyalty. If you haven't stopped by lately, or if you are new to the town, come on in. It's your library.

Sincerely,

Elizabeth Glover
Librarian

REPORT OF THE HINSDALE POLICE DEPARTMENT

This year has been a busy one for the Department and has included some very positive events. Paramount were the additions of Patrolmen David R. Warren and Lester C. Fairbanks, who in addition to bringing stability to the Department also graduated first in their respective Academy classes. The Community can justifiably take pride in their accomplishments.

A Safe Child Program (centering around the video taping of Elementary School students) was conducted at the Elementary School during November. This program owes its success to a coordinated effort between the Hinsdale Elementary School Administration, The Hinsdale PTA and the Police Department.

Property crime has remained relatively stable, but crimes such as Assault continue to rise. I am also concerned about the number of Child Abuse cases we are investigating.

Our accident rate has shown a slight decline, however, Driving While Intoxicated Offenses are still a major concern in our Highway Safety Program.

The number of Juvenile Offenses is continuing to grow and at many times stretches Department resources to their limits. The Juvenile Justice System is quite burdensome, generally requiring a minimum of three court appearances. This coupled with the logistics of the hearings being held in Keene creates a real problem.

During the upcoming year we hope to initiate a program to make the Community's young people aware of the hazards caused by Alcohol or Drug Abuse. Anyone with suggestions for such a program or ideas how we might provide better service to the Community is urged to contact me.

Respectfully submitted,

R. Craig Ohlson
Chief of Police

REPORT OF TOWN FOREST FIRE WARDEN
AND
STATE FOREST RANGER

Between July 1985 and June 1986, we experienced fewer fires than normal. The two leading causes of forest fires were again children and fires kindled without written permission of a Forest Fire Warden. Both causes are preventable, but only with your help.

Please help our town and state forest fire officials with forest fire prevention. Contact your Forest Fire Warden for more information.

Enforcement of a state timber harvest regulation is the responsibility of State Forestry officials. Our state has excellent timber harvest regulations; however, your assistance is needed.

If you know of a logging operation and suspect a state timber harvest law may be violated, call your Forest Fire Warden.

If you own forest land, you became responsible for the timber tax payment starting April 1, 1986. This is a change in the Timber Tax Law that will impact all forest landowners. Contact your Board of Selectmen for timber tax forms.

ADMINISTRATIVE ASSISTANT'S REPORT

During the past year, a number of events have impacted the Town of Hinsdale. The Housing Rehabilitation and Community Development Office was awarded a third grant. This ensures the continuation of the program begun in 1983 to improve the quality of housing in the community. This program was also instrumental in the debris removal project on the Gurian Guitar site and the property on the corner of High Street and Chesterfield Road bought by the town at last years Town Meeting.

The Planning Board experienced increased activity as the growth that has hit Cheshire County has begun to effect Hinsdale. The Board approved many small sub-divisions but was also burdened with three large sub-divisions which proposed a number of new roads for the town.

This increased activity has placed an ever increasing burden on the respective volunteer boards, committees and employees who have helped to effectively run our local government. Credit is due these individuals who have given so much of their time and energy.

1987 will be a challenging year for the Town of Hinsdale. With the effects of growth and increasing mandates from state and federal agencies coupled with the reduction of revenue from these sources it is becoming increasingly hard to meet the demands for services without increasing the burden on our citizens. Town officials will strive to look for new ways to improve the efficiency of our municipal services while at the same time try to reduce costs.

In closing I would like to urge individuals who are interested in getting involved with the operations of town government to come forward and show your support. Volunteers are continually needed to assist as members of the various boards and committees that makeup our town.

Respectfully submitted,

Steven A. Clark
Administrative Assistant
Board of Selectmen

HINSDALE BOARD OF ADJUSTMENT

ANNUAL REPORT FOR 1986

The Hinsdale Board of Adjustment held nine public hearings this year on variance request. When a hearing is scheduled, the board meets the first Tuesday of the month at 7:00 p.m. in the community room of the town hall.

Respectfully submitted,

Donna P. Marshall, Secretary

HINSDALE PLANNING BOARD

ANNUAL REPORT FOR 1986

The Hinsdale Planning Board held twenty public hearings on subdivision applications resulting in a total of ninety two lots. The Land Use portion of Hinsdale's Master Plan was adopted in February, 1986, after the required public hearings were held.

Anyone interested in becoming a member of the planning board should contact the selectmen's office. The board meets the third Tuesday of every month at 7:00 p.m. in the community room of the town hall.

Respectfully submitted,

Donna P. Marshall, Secretary
